ight weather again spoiled the regatta the Seawanhaka Corinthian Yacht Club ich was sailed on the Sound off Oyster Bay yesterday. Forty-two yachts started, they could only get once around the tree was forced to end the races.

three 70 footers Yankee, Mineola and Virginia met in a contest in which each boat was to be sailed by an amateur. J. Rogers Maxwell as usual sailed his boat the Yankee. he Mineola was sailed by Addison G. Hanan and Clinton H. Crane sailed the Virginia for Commodore W. K. Vanderbilt, Jr. They started in the lightest kind of a southwest wind from the line off Lloyds Point.

The first leg of the course was down the wind and spinnakers were set to port and the pacht carried balloon jib topsails. The second was a reach with booms to port and the rd leg was to windward. The Yankee ished first at 4:31:04, just one minute 14 conds ahead of the Mineola. Both were ring protest flags. They fouled while round-g the second mark. The Mineola struck e Yankee's starboard quarter. Those on the Mineola asserted that they had an overlap and that the Yankee should have given from at the mark. When the committee has beard the complaints it is possible that the result may be different from what appears in the table.

Auchineless Taken Out of Yale Boat -Light

Work at New London. New London, June 24.—Vale's freshman trew was changed again to-day, Auchincloss at No. 3, being taken out to allow Bige-low a seat in the boat. Park was shifted to Auchincloss's seat, and in Park's position at No. 5 Bigelow was placed. Bigelow is considered a better oar than Auchincloss the latter being slow in his movements. The varsity ogramen had light work to-day and every one about quarters was disapinted as a time row was expected. Harard was also due to row over the four miles. but Coach Wray kept his crew off Red Top and spent considerable time trying to remedy

individual faults of the men. Harvard's freshmen rowed two miles up stream on time this evening, making the dis-tance from the bridge to the naval station in 10 minutes 52 seconds against a head tide d with no wind. Harvard's time rows, as given to a reporter of The Sun this evening by Capt. Filey, were all up stream, as follows: 22 hinutes 23 seconds, 20 minutes 43 seconds and 22 minutes 11 seconds.

Robert Bacon of the firm of J. P. Morgan & Co., arrived off Red Top this evening in his houseboat Pioneer. Two sons of Mr. Bacon are among the Crimson oarsmen and the freshmen will take a sail on the Steamer to-morrow. The Harvard squad will be entertained on board Mr. Iselin's yacht Emerald. Yale's varsity squad will have an outing on Morton F. Plant's palatial new yacht Venetian and the Eli freshies will have the launch all to themselves.

CRICKET.

Staten Islanders Beat Brooklyn Wanderers -Other Championship Results. The cricketers of New York had a busy

time yesterday. At Prospect Park five championship matches were brought off in the series of both the Metropolitan League and the New York Association.

The chief contest of the day was the game between the Brooklyn Wanderers and Team A of Staten Island. The former were defeated in a low scoring game. Batting first, the Wanderers found C. H. Clarke and F. F. Kelly almost unplayable, and only two reached double figures, J. A. Simpson and H. Rushton.

Clarke excelled at both departments of the game, and his record for the game—6 wickets for 34 runs and 47 made at the bat is one of for 34 runs and 47 made at the bat-is one of the best things done this season. Kelly's figures were 4 wickets for 19. E. H. J. Stein-thal and J. W. Toone both batted well for Staten Island and added 19 and 11 not out, respectively. The bowling honors for the Wanderers were shared by W. Bonnar and J. Wood, who captured most of the wickets

between them. The totals: Brooklyn Wanderers, 60: Staten Island A., 94.

The Brooklyn Nomads and the Kings County St. George clubs met, and victory went to the former eleven. W. B. Seale batted splendidly for the winners and ran up 33 before he was disposed of. A. Corbin added 15 and E. P. Greenidge 10.

The St. George men failed at the bat, and the entire team was out for 39. Three men, however, made nearly all the runs on the side, J. S. Mahon, J. P. Stuart and C. T. Toddings with scores of 18, 10 and 10, respectively.

A. Corbin came out as a bowler and proved a "find", his record being 4 wickets for three runs. The totals: Brooklyn Nomads, 93; Kings County St. George, 89.

Staten Island Team B played the Kings County team and both elevens batted exceedingly well, the former eventually winning by 42 runs and 4 wickets to spare. Top score was made by A. G. Laurie, who hit hard for 51; and R. W. R. Powell, with 44, D. G. Humble with 38, not out, and S. E. G. Cook, with 22, all played well.

For Kings County H. C. Smart ran up 86, and double figures were added by E. B. Reece, A. B. Lewis and G. Gautier. None of the bowlers had exceptional figures. The totals— Kings County, 125; Staten Island B Team, 167 for 6 Wickets.

By the slim margin of one run the Thistles defeated the eleven of the O. N. T. Cricket Club at the Prospect Park Parade Grounds yesterday in a championship game of the New York Cricket Association. There was considerable excitement among the players at the close, however, owing to a discrepancy of a single run between the bowling analysis of the O. N. T. score and that of the other tally sheet. The main scores showing the runs of the batsmen agreed on 44 as the total

runs of the batsmen agreed on 44 as the total for the Thistles as against 43 for the O, N. T. eleven.

Nevertheless, the captain of the Jersey club protested and insisted that the matter go before the executive committee of the New York Cricket Association. President J. M. Johnstone of the association, a particle pant in the game on the side of the Thistles took charge of the two score books and will call a special meeting during the week at which the protest will be heard. To complicate matters further, the Thistles' captain had called the game when he still had a batsman in reserve, but the latter was not permitted to take his inhing. Hal Holden made top score for O. N. T., with 18, while J. E. Gillette tallied 10 for the Thistles. C. Parks took five wickets at a low cost for the O. N. T.'s side.

J. E. Gillette tallied 10 for the Thistles. C. Parks took five wickets at a low cost for the O. N. T.'s side.

Paterson sent a team to Elizabeth, N. J. to play Union County in the champlonship series of the New York Cricket Association. The visitors proved to be the better stayers and won a low scoring contest by sixteen runs. This was owing principally to the batting of J. W. Hooper who scored 27 and the all-round play of W. Buncs, who, in addition to scoring 24 runs, captured 4 wickets for 3 runs. For Union County, E. F. Goddard and A. H. Gibson both bowled well and disposed of six men between them. The totals: Paterson, 68; Union County, 50.

The West Indians and Yonkers played at Van Cortlandt Park and the former won by 19 runs and 3 wickets to spare. Chief scores for the West Indians were made by H. S. Alexander, J. Henry and J. Lohers and D. Goodrich bowled well and took 7 wickets for 10 runs. For Yonkers R. Edmondson was the only one to reach double figures. The totals: Yonkers, 44: West Indians, 63 for 7 wickets. Team B of the West Indian Cricket Club had a comparatively easy time with Team B of the Yonkers Cricket Association, and won on totals of 90 to 18. R. Ludley of the winning side was high man with 27; other good scores being G. Montouth, 22: A. Williams, 15, and J. Withey, 12. Withey also excelled with the ball, being credited with 5 wickets for 4 runs, while Montouth took 2 for 11. T. Rafferty was responsible for five of the West Indians' wickets at a cost of 31 runs.

A surprise was encountered at Newark in the meeting of the Columbia Oval and Newark teams. The home players beat the visitors in a low scoring game by the narrow margin of 5 runs after an exciting finish. The bowling teams. The home players beat the visitors in a low scoring game by the narrow markin of 5 runs after an exciting finish. The bowling of Livingston and Bates for the winners and Birkett and Shaw for Columbia Oval was exceptionally good and only two men got into double figures in batting. The totals: Co umbia Oval, 36: Newark, 41.

Manhattan went to Branch Brook Park to play against Essex County and defeated their opponents in the championship series by 21 runs. F A. Slade and A. Backus put on 50 runs for the first wicket and the first named passed the "half century" mark by 2 before he was bowled. A. C. Herbert and A. J. Gray added double figures. For Essex County T. Gilbert and A. H. Stratford each made over 20 and W. Such bowled well and captured 5 wickets for 19 runs. F. A. Slade and W. Adam were the best bowlers for Manhattan. The totals: Manhattan, 101: Essex County, 80.

GRAVESEND BAY YACHTS RACE. Championship Series Begins Under Anspices of Atlantic Y. C.

The first race of the season to count in the yachting championship of Gravesend Bay was held yesterday afternoon, under the auspices of the Atlantic Yacht Club. The classes that started were N. P. Q. R and RR. and they were won respectively by Bobtail, Lizana, More Trouble, Sandpiper and Beta-The wind was light throughout the after-

Two courses were sailed. Classes P and above covered ten nautical miles, while classes Q and below went only seven and one-half miles. They all, however, started at the Atlantic Yacht Club and sailed the first three legs together. The first was a reach to Ulmer Park, followed by another to a stakeboat off the Marine and Field clubhouse. and then by still a third to a markboat off Fort Hamilton. Here the two courses parted. The larger boats continued on to Craven Shoal bell buoy and then reached home. The little crafts, however, beat home:

The marks were all left to port and the course was covered twice by all the yachts The new class Q boats were again the feature of the afternoon. More Trouble proved the winner yesterday, with Cockatoo II. two minutes slower. The summary:

LAST DAY OF STATE CAMP

TWENTY-SECOND BACK FROM A VIGOROUS WEEK'S WORK.

Col. Bartlett Compliments the Regiment on Satisfying Showing This Year -Big Advantage of Having the West Pointers to Help Out the Militiamen.

PEEKSKILL, June 24.—The Twenty-second Regiment went through the regular camp routine from reveille at 4:55 to 7 o'clock, when regimental call was sounded. That was the first signal for breaking camp. At 7:30, with the last notes of the general call, every tent in the camp went down. From that time on a scene of "orderly confusion" existed until the men fell in to march down the hill to Ros Hook, where a special train was waiting to carry the regiment to New York. During the interval of "orderly confusion" men were rushing here and there and everywhere, but each man knew just where his place was and what he had to do. Wagons were loaded and the entire camp site and parade ground thoroughly cleaned in remarkably quick

The train bearing the regiment back to New York left Roa Hook at 11:40 A. M., with Col. Bartlett and all the officers and men on board, and the State camp is now deserted, to remain so for another year.

The train bringing the Twenty-second Regiment reached Eleventh avenue and Sixtieth street at 12:47 yesterday afternoon, and at 1:05 the regiment reached its armory, Boulevard and Sixty-eighth street. Col. Bartlett in speaking of the regiment's week

in camp said: "The work and training the men got when they were last in camp-two years ago-is not to be compared with that which they have just had up at Peekskill. Two years ago we not only were deluged with rain nearly all the time but we were short of engineering equipment, and above all we did not have the advantage of the West Peinters being with us

of engineering equipment, and, above all we did not have the advantage of the West Pointers being with us.

"The regiment has very highly appreciated the zeal and patience which Major Patrick and Lieuts. Hunt and McDonough have thrown into their work of instruction, and it has equally appreciated the splendid service of the fine body of eighty-seven men from the Regular army Corps of Engineers, which Major Patrick brought down to the camp and which, with the West Point officers themselves, remained with us all the week.

"The line of instruction in engineering work given to the men was made as varied as possible under the directions and the work in the armory. This was thought preferable to devoting the camp work to one particular line and endeavoring to obtain an especial skill in that alone to the exclusion of other branches.

"The West Point officers spoke very highly of the zeal and spirit and esgernees to learn on the part of the men of the regiment, and in this commendation I can most beartiff in the seal and spirit and especial these per seal of the men of the regiment, and in this commendation I can meet heartiff in the seal and spirit and especial these per seal of the men of the regiment, and especial these per seal of the men of the regiment, and especial these per seal of the men of the per seal the strong the seal of the whole if hear been seal the seal and spirit and especial these seal and spirit and especial these seal and spirit and especial th

We had some hot weather, but for-tunately the forencons, which we devoted to our engineering instruction, were as a general rule free from rain."

Urge Passage of Law's Delay Bills. The Chamber of Commerce through its committee on internal trade and improvements has addressed to Gov. Higgins a petition asking him to bring before the Legislature at its special session the subject of the law's delay and that an effort be made to secure the passage of the bills prepared by the commission of which Wheeler H. Peokham was chairman.

GOSSIP OF WALL STREET.

Leading active stocks are now selling about midway between their high prices in the bull market and their low prices in May.
The greatest recovery has been made in Metropolitan, which sold last week seven points above the half way price: New York Central is at the other end of the list, having failed last week by eight points from reaching the half way figure Stocks which recov-ered considerably more than half their recent loss are Brooklyn Rapid Transit, Baltimore and Ohio, Canadian Pacific, Ontario and Western, Reading and Smelting. Among the lag-gards are St. Paul, Atchison, Sugar and Peo-

The bull crowd in wheat has advanced the September option 6 cents, and it believes the campaign is only well under way. It believes that this crop ought to sell around the dollar level, and it looks to see a 15 cent advance in Chicago during the next few weeks. It is greatly encouraged by the low estimates of the winter wheat yield made by its field experts. Railway men and bankers, who have their own sources of information as to the crop prospects, do not credit these low estimates, and think these figures are put out to influence prices. But this was their attitude last year, when the same people in the grain trade were predicting a short crop. When the railway men and bankers discovered later in the season that the crop was really short they said that it did not matter so much after all. This is probably what Wall Street people will say this summer if it is shown later that the crop is not all that it is made out to be now.

One of the Western houses writes: reorganization of the Equitable will curtail for some time to come the investment demand from that company and, for that matter, from every other company doing a large insurance business. This adverse influence will be felt more in the bond market than elsewhere. Bond dealers are not very much encouraged by the outlook. It is usual to expect at this time of year an increased demand for bonds in anticipation of the heavy July disbursements, but the bond market has been flat for a long time. Last year the bond market began to pick up soon after the successful sale of a big block of bonds by the city of New York, and the strength and accity of New York, and the strength and activity in bonds were very soon reflected in stocks. The market was soon cleaned up of its floating supply of high grade issues and further purchases could only be made at advancing prices. All through the summer the summer of the process of the proce and fall the investment demand for bonds was of a character to give great encouragement to bankers who had new issues to offer. But several big issues brought out some time later were left on the hands of the under The recent naval battle in the Far East, with its promise of a speedy termination of the war, enabled the syndicate hung up with the last issue of Japanese bonds to dispose of them at a profit, and these bonds have | MERCHANTS EXCHANGE NATIONAL BANK considerably higher than those at which the syndicate sold them. But a very large share of the recent issues of Pennsylvania and Southern Pacific bonds is still in first hands. is believed that not more than one-fifth of the Pennsylvania bonds and only about half the Southern Pacific bonds have been marketed One comment made on the bond market is that the sale of low interest bearing railway bonds has been hurt by the attractiveness of the cheap foreign Government bonds recently sold in our market, notably those of Japan and Cuba

This market has a very small commission house following. Sale of Additional Water Works Bonds of the This market has a very small commission missed the opportunity of getting stocks near the bottom waited week after week for a reaction on which to buy, but prices advanced steadily for several months without a reaction of any consequence. But there is a very much higher level of prices now and many commission houses advise their customers that, if there is to be any considerable advance in prices between now and the end of the year, there will be plenty of opportunities to buy stocks on reactions. Other brokers take the position will be much more attractive to sell stocks later on at the promised higher range of prices than it is to buy them now in anticipation of these prices. Those who took this position last year lost money all during the bull market in their efforts to feel the top.

Southern Pacific preferred will sell ex dividend 3½ per cent. on Monday. The trading in this stock since it was brought out last year has been of insignificant volume. The chief owners of the stock have discouraged speculation in it, and efforts by others to make it a market feature have failed. It has not sold below 115 since last September; even in the December panic on the exchange it did not sell as low as its redemption price. Nearly half of the \$40,000,000 issue of this stock is owned by the Union Pacific people. There can be no question of the ability of the Southern Pacific company to pay the 7 per cent. dividend on this stock, and were it not for the fact that it may be redeemed by the company at 115 at any time within the next five years there can be little question that it would be selling \$20 to \$40 a share higher. Some of the owners of this stock believe that there is some likelihood of the company's waiving the redemption privilege and leaving it a perpermanent 7 per cent. stock. They point out that the Union Pacific people would lose nothing by keeping in their treasury a 7 per cent, stock which cost them only par. If the stock were not redeemed the Union Pacific block of it could be sold in the open market at a price that would not the company's treasury a profit of at least \$20,000,000.

Pittsburg Coa! has not had a very guspicious introduction to the New York Stock Exchange.

The week end commission house letters took no decided position on the market. Brokers are reluctant to advise their custom-Brokers are rejuctant to advise their customers to buy stocks when there is a possibility of a war in Europe. But no one in Wall Street really thinks there will be a war. The way our market takes the foreign offerings of American securities encourages those who think there are legitimate reasons for a better market this summer. My Free Book
